DETAILED ACTION

1. This office action is in response to applicant's communication of April 29, 2010. Claims 1-3, 5-14, and 17-23 are pending and have been examined. The rejections are stated below.

Response to Amendment

2. Applicant has amended claims 1 and 13. Based on the Applicant's amendment the rejection of claims 1-3, 5-14, and 17-23 under 35 U.S.C. 101 has been withdrawn.

Response to Arguments

3. Applicant's arguments have been considered and are persuasive; therefore the rejection of claims 1-3, 5-14, and 17-23 under 35 U.S.C. 103 has been withdrawn.

Claim Objections

4. Claim 13 recites "receiving financial account access information from the user regarding at least one user account at at least one financial institution. Examiner requests correction of typographical error, as the word at appears twice.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-3 and 5-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

6. Claim 1 recites "the financial management system querying the user for user information; the financial management system obtaining data comprising user information". This limitation is ambiguous. Claim should read "the financial management system obtaining data comprising the user information. Dependent claims 2-3 and 5-12 are also rejected based on their dependence to claim 1.

7. Claim 13 recites "receiving financial account access information from the user regarding at least one user account at at least one financial institution". This limitation is vague and indefinite. It is unclear as to where the financial account access information is received at. Dependent claims 14, and 16-22 are also rejected based on their dependence to claim 13.
